I DREAM OF INSPIRING HOMES THAT EMBRACE THE SOUL.

ARMIN EBERLEIN, FOUNDER

Our history began with this dream, shared by three creative visionaries, Brigitta Jaeggli, Armin Eberlein, and Hans Dahme. Together, they set out to create unique lifestyle products that reflected individual aspirations. This led to the founding of Domicil in 1978, with the first store located in Weingarten, Germany. Since then, our name has become synonymous with inspiring dream homes – a promise we remain committed to.

Inside The Domicil Atelier

Our pursuit of excellence begins at the source. We meticulously select premium hides for their superior quality, durability, and natural beauty. Ethically sourced from chosen suppliers, these hides ensure sustainability and responsible practices at every step within our state-of-the-art leather tannery. Every leather product with the Domicil name carries a legacy of craftsmanship, sustainability, and social responsibility. When you choose our leather, you become part of a story—a narrative of passion, artistry, and positive impact.

leather
materials

BASEL

Thickness: 1.3 – 1.5mm, Type: Protected

BASEL (BE) is a corrected grain leather with matte finish and an obvious embossed texture, made from our premium hides. Finished with a layer of protective coat to enhance its durability and hard-wearing properties, yet retaining a rich grain appearance with consistency.

529E 519E 530E 663E 531E 532E 534E

533E 520E

HOLLYWOOD

Thickness: 1.8 - 2.0mm, Type: Protected

Hollywood (HW) is a full grain, aniline-dyed leather well selected from the premium hides. It is finished in a basic single tone with a strong grain texture to enhance its surface appearance.

251E 313E 887C 946B 744D 088E 180E

042E 156E 886C

NAPOLI

Thickness: 1.1 – 1.3mm, Type: Protected

NAPOLI (NP) is an ultra soft, matte sheen leather and is one of our finest corrected grain leather that is naturally pebbled and finished using micro pigment with a protective coat.

521E 602E 516E 515E 604E 513E 518E

512E 517E 548E 606E 550E 514E 675E

674E 677E

NEW GEORGIA

Thickness: 1.1 - 1.3mm, Type: Protected

New Georgia (NW) is a leather that has been fully corrected. To enhance colour uniformity and stain resistance, it is buffed and embossed with a protective coating. Providing economical leather with the promise of performance, New Georgia is the perfect choice.

042E 334E 512E 513E 516E 517E 518E

521E 548E 586E 605D 663E 8475 520E

532E 1748 602E 674E

NEW CLUB Thickness: 1.4 – 1.6mm, Type: Protected

NEW CLUB (NC) a top grain leather corrected with an embossed texture made from our premium hides. Finished with a layer of protective coat to enhance its durability and hard-wearing properties yet provides the comfort touch & rich grain appearance with consistency in quality finished.

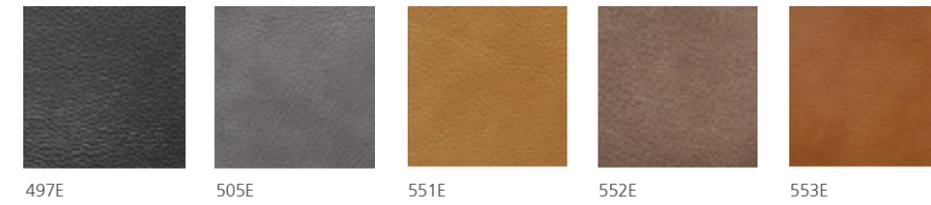

ORGANIC THICK Thickness: 1.4 – 1.6mm, Type: Full Aniline

ORGANIC THICK (OH) is a lightly buffed, aniline leather that is beautifully crafted to a natural 2 tone leather with our modern tanning and finishing processes. It uses a wide selection of cowhide leathers that is very lightly finished without compromising its natural characteristics of a pebbled, soft hand touch. Along with the rich depth of colour, making it an ideal leather for the family room.

PREMIO Thickness: 1.3 – 1.5mm, Type: Full Aniline

PREMIO (PE) is a soft, luxurious full grain aniline leather with a distinctive look. The leather is drum dyed with a light pigment finish in a range of sophisticated colours, featuring a subtle two tone effect that gives the leather unique depth and texture. Its smooth finish and polishing effect gives an incredibly fluffy soft and rich supple feel with varying natural milled grain texture. Colour shading varies from hide to hide due its aniline finishing, which adds to the natural characteristics of the leather.

ROYAL Thickness: 1.4 – 1.6mm, Type: Protected

ROYAL is a thick, corrected-grain leather with a natural pebble texture. Premium cow hides are traditionally dyed, re-tanned, and finished with a micro pigment coating, providing a uniform colour and enhanced durability. This process preserves the leather's natural characteristics and feel, while minimizing visible natural defects, giving it a unique and refined appearance when upholstered.

SILKY

Thickness: 1.1 – 1.3mm, Type: Full Aniline

Silky (SK) is a exquisitely soft full grain aniline drum dyed leather, with a mild two-tone spray effect on the finishing coat. Its smooth finish and polishing effect gives an incredibly fluffy soft and rich supple warm feel with varying natural milled grain texture. Colour shading varies from hide to hide due to aniline finishing, which adds to the natural characteristics of the leather surface protection.

077D

075D

490E

TREND

Thickness: 1.1 – 1.3mm, Type: Full Aniline

TREND (TD) is a lightly buffed leather, using premium hides that are specially re-tanned with vegetable tannins & vacuum dried to achieve its tight, flat and yet soft & rich hand touch. Its finishing creates a two-tone effect on the surface character of the hides.

fabrics materials

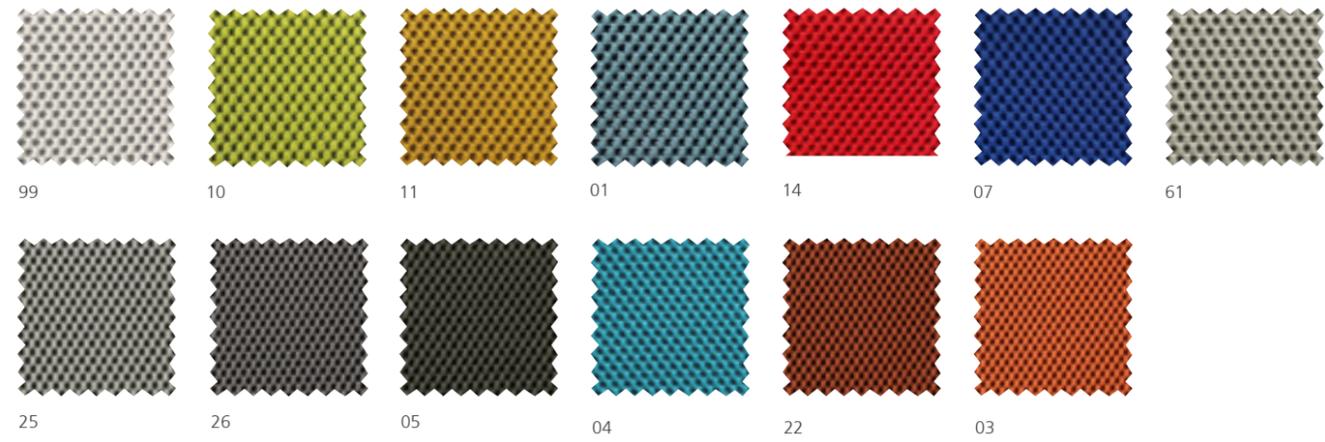

Elevate Your Style

Our fabrics are specially selected to create an ideal balance for our sofas and their design requirements. All our fabrics undergo a series of physical performance tests to ensure they comply with international standards throughout their wear-and-tear lifecycle.

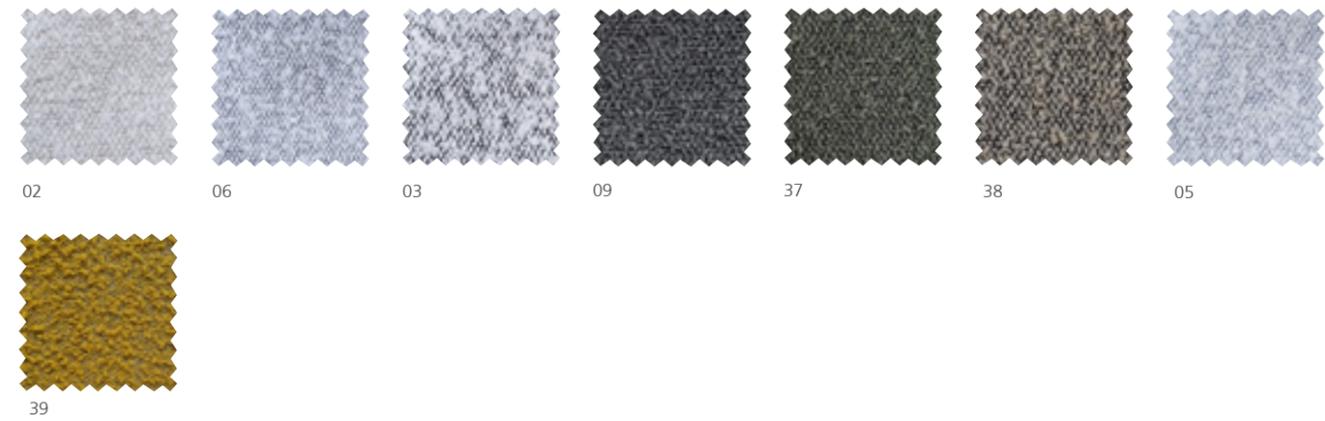

BALLOON Weight: 560gsm, Composition: 100% polyester

Balloon is a knitted three-dimensional spacer upholstery textile combining function and aesthetics in an innovation manner that challenges designers and invites them to push the boundaries of their design solutions.

BELMONT Weight: 630gsm, Composition: 36.88% Recycled, Polyester 44.97% Polyester, 18.15% Acrylic

Belmont is a robust and textural upholstery fabric that is both timeless and right on trend. Made from 36.88% recycled polyester, in combination with the sustainable production methods, Belmont is a fabric that offers the highest quality and eco-friendly choice with unsurpassed durability and lasting comfort.

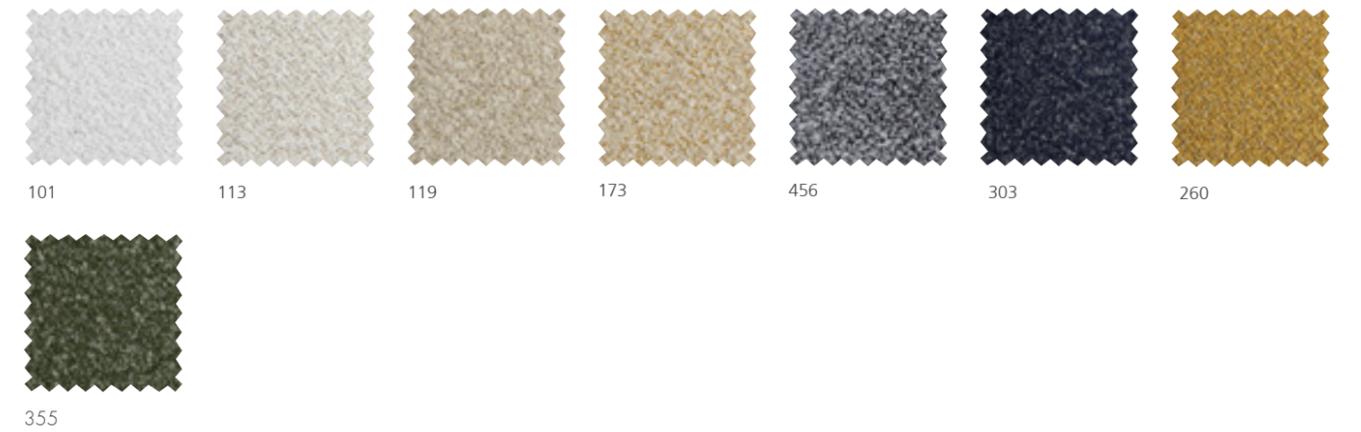

BILLY JOE Weight: 390gsm, Composition: 100% polyester

With a two-tone effect and embossing to look like leather suede, Billy Joe offers excellent breathability and delivers soft touch. It has high endurance to abrasion and is easy to clean.

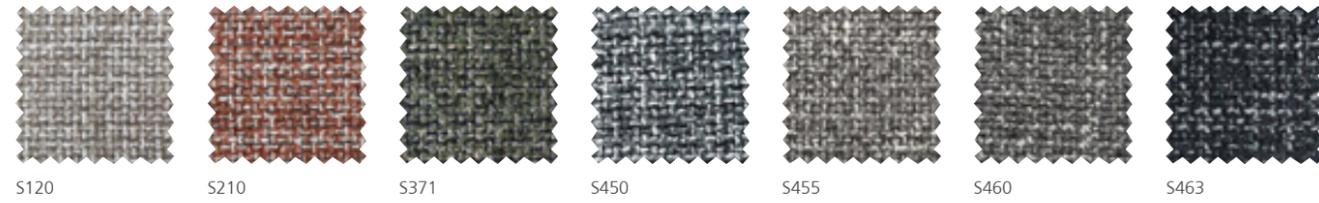

Cloud Weight: 570gsm, Composition: 81% polypropylene, 19% polyester

Cloud is texturally pleasing and soft, with a distinctively boucle surface and a cozy looped yarn interwoven surface that strikes the ideal mix of casual luxury and coziness. Cloud is a breathable fabric that is incredibly long-lasting, perfect for busy living spaces, and provides year-round comfort regardless of the season.

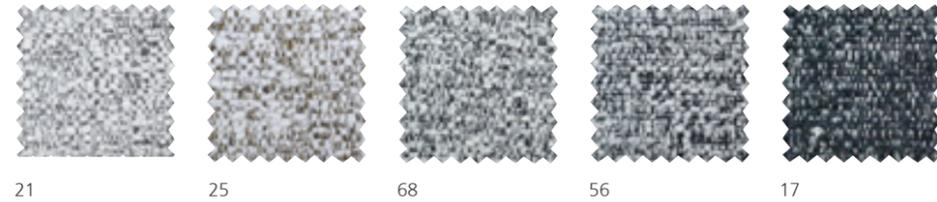

CHACHA Weight: 420gsm, Composition: 100% Polyester

Inspired by ancient raffia weaves, Chacha tweed has a faded, classical yet contemporary look. The warp and weft are intertwined highlighting the structure and texture of the fabric. Chacha-S is all about seamlessly fusing functionality with beauty.

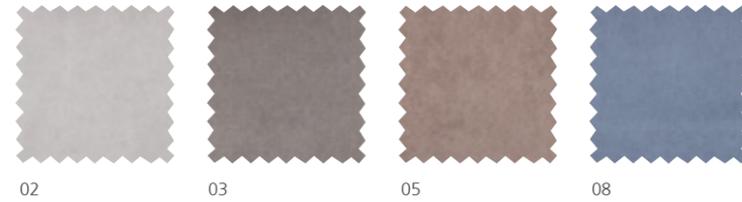

CHILE Weight: 340gsm, Composition: 100% polyester

Chile is great fabric with fancy yarn, it has a retro feel, soft handle touch. A great accompaniment to different styles, with its two-tone effect and vibrant colours.

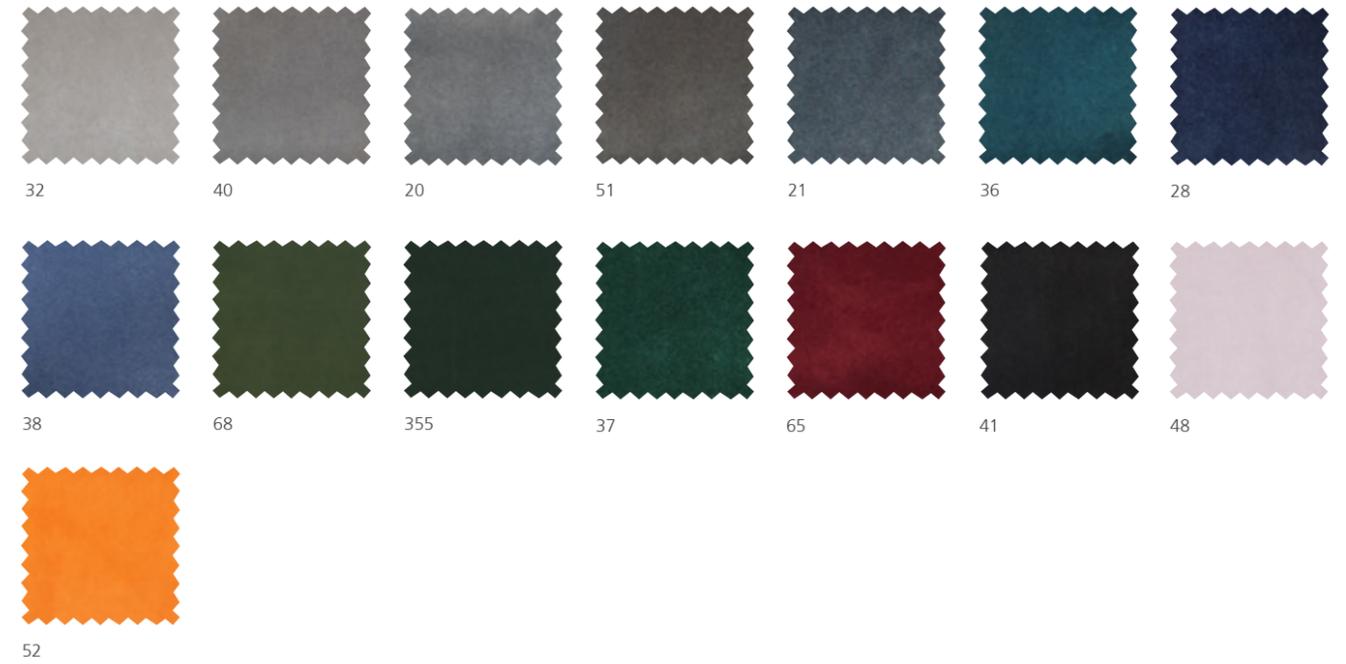

MALDIVES Weight: 540gsm, Composition: 100% polyester

Maldives has a sturdy nubuck leather look and hand feel. It has smooth water ripples to enhance the look. This heavy weight fabric has extraordinary endurance of abrasion with excellent breathability. It is also environmentally friendly.

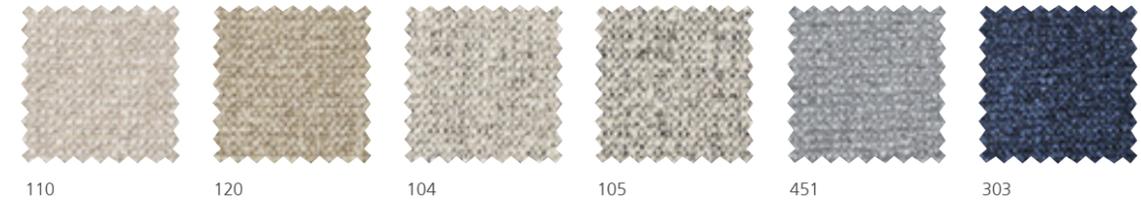

MEG Weight: 450gsm, Composition: 100% polyester

Meg is a velvet inspired by silk's warmth. Woven from special long fibers, this fabric has a textured appearance. The short plush is dense, soft, and smooth to the skin. Its unique textile technology gives the surface a high-level velvet effect. Its elasticity, soft hand feel, as well as its own special gloss, give it a touch of elegance.

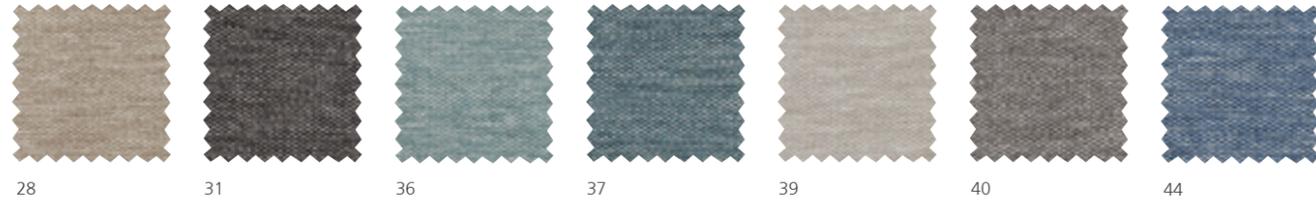

MILAN Weight: 400gsm, Composition: 100% polyester

A uniquely textured chenille boucle with a comforting surface creates a beautiful mélange effect, striking the perfect balance between a cozy feel and casual luxury. Milan is ideal for busy living spaces, offering excellent performance and a versatile palette ranging from classic neutrals to warm and cool-toned colourways.

SKYLAND Weight: 420gsm, Composition: 100% polyester

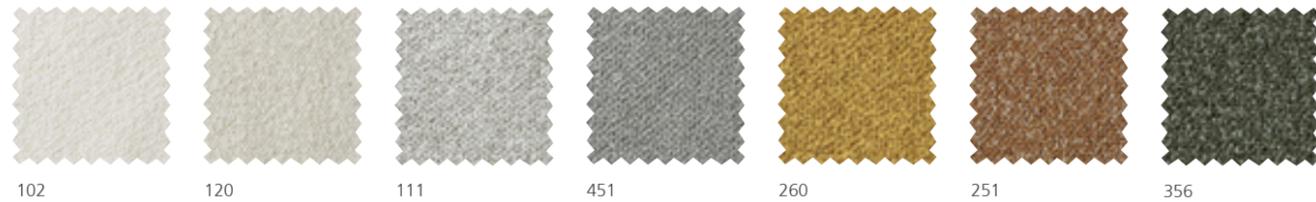

Skyland is woven by chenille, giving the fabric its soft hand feel. The special dyeing process enables Skyland to have a vintage look. With the soft touch, vintage look and a modern feel, making this fabric trendy.

48

VISTA Weight: 515gsm, Composition: 100% polyester

A classic rich soft and textural fabric, characterized by its unique looped yarn construction, which has been prominently utilized by renowned French couture houses. The Vista fabric thoughtfully woven with contrasting colours exudes a perfect balance of cosy feel, casual luxury and unsurpassed durability for a lasting comfort.
